**TO WHOM IT MAY CONCERN**

This is to certify that Eng. Karim Ishak Fahmy Girgis has worked as a Site Inspector Engineer in the Consulting Egyptian Firm ACE: Arab Consulting Engineers (Moharram – Bakhoum) during the period from June 2009 to December 2012, in The Nile Corniche Project.

The Nile Corniche Project is one of the largest projects in Egypt, currently almost completed. The project includes four basements, podium, and two towers about 137m high. The area of lands is more than seven thousands square meters.

The Responsibilities and authorities that Eng. K. I. Fahmy was involved, are included:

- Conduct all Civil Inspections as per approved method statements, ITP's and ensure that the work is done as per the issued for construction specifications and approved shop drawings.
- Identify and raising any Non-conformity cases in official report.
- Recommending corrective action to address non-compliance and deficiencies.
- Follow up and monitoring the closing out of opens WIRs, MIRs & NCRs
- Directs workers engaged in measuring and testing product and analyzing data concerning materials, or process quality and reliability.
- Contributes to team effort by accomplishing related results as needs.
- Monitor the progress and effectiveness of the project quality management system. Recommend and implement improvements when required.

These works were under the supervision of Senior Expert Engineers.

This certificate has been issued upon his request with no liability on part of the firm.

**Dr. Eng. Mourad Bakhoum**

Vice President
